

OPA ASSEMBLY MENTAL WELL-BEING

As part of our academy focus on Mental Health and Wellbeing, our children listened to a virtual assembly about the book, *We're All Wonders*. This book celebrates being unique, different and finding wonder in every person.

Our Mental Health and Wellbeing Champions took some time to tell others the wonders they can see in people across the academy. From fellow pupils to teachers, these video messages celebrated all the amazing differences we have in our academy. We are proud of our diversity and regularly remind all of our community that we all smile in the same language.
