

During Summer 2, we launched our Social Time Equipment Leaders. From Year 1 – Year 6, each class has a leader who is clearly visible on the playground with their orange bib. These children have had training on how to remove and return the equipment.

Each year group has a box, a bag and some play equipment to select. Leaders choose which items come out each day and support the adults to ensure it is locked away safely. The whole academy listened to an assembly, which launched the equipment and focused on our 3 academy rules of being safe, respectful and responsible.

Smiles were seen all around as KS1 and KS2 enjoyed the range of equipment. Each Monday, the virtual dice will be rolled to decide which F.I.T. board activity will take place. Will it be just dance, class yoga or even a nature walk?
