

20th January 2023

Dear Parents/Carers,

This term our topic has been all about our amazing planet. We have looked at different animals and plants from around the world. To support our learning on this, we have an exciting opportunity for children to take part in an animal experience. A special visitor will be coming to school and bringing with them some animals. Pupils will be given the chance to look at and handle the animals if they would like to.

If you would like your child to take part in this experience, we ask for a voluntary contribution of £3.10 towards the cost to be paid via ParentPay, by 28th April 2023. It is important for us to stress that in the event of an inadequate number of parental contributions, it will not be possible for this experience to take place, and it will be cancelled.

Please follow this link and complete the google form to enable your child to take part.
